

ALLIED HEALTH ASSESSORS

- EXCITING OPPORTUNITY FOR CASUAL ASSESSMENT WORK IN NSW
- Are you a Psychologist, Speech Pathologist, OT, Rehabilitation Professional or other Allied Health Professional with experience in Assessment?
- Do you want the opportunity to conduct a range of sessional assessments across NSW (metro and/or rural)?

Job Description:

The Job

We are expanding our assessment team and require

- Fully qualified Allied Health Professionals with eligibility for registration with your relevant professional association
- Professionals with experience in conducting the standard assessments relevant to your discipline or the capacity to rapidly learn

Depending upon your skills and experience, new graduates or those with "probationary" status may be considered

Preferred background

- Appropriate experience in the assessment field
- Experience in one or more of:
 - o Disability
 - o Education
 - o Rehabilitation
 - o Welfare
 - o Similar fields

All work is sessional. This means that pay rates, hours of work and location are all determined on a project by project basis.

The Company

Assessments Australia is a Melbourne based national market leader in independent, professional allied health assessments, data analysis and reporting services. Strong growth with established and new clients in NSW has led to the need to significantly grow our assessor pool.

While training and professional support is provided at no cost, employment in this role assumes a level of knowledge and experience with relevant assessments.
